## PLANNED SUMMIT TOPICS (work in progress)

**AGRICULTURE AND FOOD:** How will we feed ourselves sustainably and safely in the future?

**WORK AND SOCIAL ISSUES:** Prosperity for all? Shaping the labour market of the future.

**AUTOMOTIVE AND MOBILITY:** What will drive the world of tomorrow? Thinking creatively about mobility, embracing technology and avoiding bans.

**CONSTRUCTION AND HOUSING:** Sustainable building and living in the future - is a new Gründerzeit on the horizon?

**ENERGY AND RAW MATERIALS:** Sustainable energy and raw materials transition in the context of global competition, security of supply and climate change.

**FINANCIAL MARKETS:** The banking sector and monetary policy: new trends in times of upheaval and disruptive technologies. Interest rates, the housing market, sustainable investments: How stable is the banking sector?

**HEALTHCARE:** High costs, over-regulation, staff shortages and gaps in care: Is our healthcare system still manageable? Health as an innovation factor. How can we create a competitive ecosystem in Germany? Health as a driver of innovation.

**GLOBAL TRADE:** New growth strategies in world trade - where are Germany's new partners and workbenches?

**NEW TECHNOLOGIES:** Artificial intelligence, robotics, supercomputing, digitalisation - the new turbochargers of transformation, growth and prosperity.

**SECURITY AND DEFENCE:** Can Germany turn its defence around?

**THE SPORTS INDUSTRY:** Sport as a driver of economic growth and social cohesion.

**THE INSURANCE INDUSTRY:** Geopolitics and climate change - how secure are our insurance policies?

**KNOWLEDGE:** The economic factor of education and training - Germany's most important raw material for the future.
